

# LEANFLASH FIFO

## FIFO KANBAN Scheduling support

### Application

- Display
- Documentation
- Suppliers
- Management
- Kanban
- Logistics
- Planning

Visual, simple, operator autonomy, reliability, responsiveness, the **KANBAN FIFO scheduling stand** |LEANFLASH FIFO is an original solution to control KANBAN. The implementation is immediate and very easy, starting from cards on which a label (created by yourself) is attached.

The user will slip the cards (1 per container) into the LEANFLASH FIFO and will be able to follow the level according to the thresholds colours (green, yellow, red).

- Use of colours or universal Kanban cards.
- *Provided with 3 magnetic tapes to cut by yourself (green, yellow, red)*

CODE	DESIGNATION	LEAD TIME	PACKING
