The **file folder organizer** |FIFO OFFICE is an original, innovative, novel solution for first-in, first-out file management. Users insert files at the top, up to the maximum capacity of 20, and extract them from the bottom. Pending levels can be monitored against the ideal number by colour coded thresholds (green, yellow, red) indicated by the magnetic strips provided. The FIFO OFFICE is easy to use and works without supervision, promoting greater employee involvement, while enabling visual tracking of file progress.

- *Provided with 3 magnetic tape to cut by yourself (green, yellow, red) and 1 identification magnetic label*
