

LEANFLASH FIFOFILE

KANBAN FIFO scheduling stand

PATENTED
MODEL

An original concept is to form a queue to level out production or shipment.

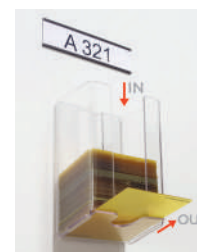

The capacity of 150 cards will be split according to the ideal level by colored thresholds (green, yellow, red magnetic tapes) defined by magnetic stripes. This product can also match FIFO applications with big capacities.

- Use of colours or universal Kanban cards
- *Provided with 3 magnetic tapes to cut by yourself (green, yellow, red)*

Application

Display, Documentation, Suppliers, Management, Kanban, Logistics, Planning

| CODE | DESIGNATION | LEAD TIME | PACKING |
