

THE MODEL FACTORY THAT VISITORS DREAM OF

A visual factory by means of floor marking and overhead signage

SESA SYSTEMS' aim is to be able to help you achieve the model factory found below, thanks to our expertise in selecting the right tools. The Visual Factory is the assurance of having an efficient, high-performing factory thanks in particular to visual management and LEAN MANUFACTURING with ongoing improvement methods and projects.

The Visual Factory also means making the most of your production facilities. Factory visits by your major clients, for example, provide a unique opportunity and extremely important way of promoting your organisation, machinery, processes etc., with simple tools such as overhead signs and ground marking tape.

INDICATION MARKING SAFETY
