

# E-MEETING

Interactive touch screen

INDUSTRY 4.0

## Application

- Administration
- Display
- Communication
- Industry 4.0
- Lean Management
- Digital visual management

View and manipulate your content easily with the excellent E-MEETING interactive touchscreens for clear, high-definition images. Rapid and precise V-Sense technology with 20 contact points responds instantly to pressure from a finger or stylus. The touchscreen offers a perfect result even when working in strong light thanks to its touch technology.
